A DIVISION OF PASADENA FEDERAL CREDIT UNION

We are excited to announce that the merger between Pasadena Service Federal Credit Union (PSFCU) and Pasadena Federal Credit Union (PFCU) has been formally approved by the membership and finalized by the NCUA as of March 1, 2024.

Several steps must follow before the expanded credit union can begin serving the combined membership. On this page, you will find the most current information regarding upcoming changes. You can also access FAQs and discussion topics that may address any questions or concerns you may have following the finalization of this merger.

PFCU and PSFCU are now one entity. Beginning March 1, 2024, PSFCU will include this tradename: "Pasadena Service Federal Credit Union, a division of Pasadena Federal Credit Union" in their signage, greetings, documents, email, and other materials. We now continue work to integrate banking systems, with a goal of having our systems fully integrated by the end of 2024 or early 2025. This timeframe is reasonable to create the best merger experience for members and to ensure that employees are supported in this change as well.

As system integration nears, members will receive up-to-date communications and resources. We will provide detailed information regarding any changes to your accounts, important dates, and more, and will walk you through any steps you need to follow. Again, changes are not expected for members for some time yet. If you are a member of both credit unions already, you'll need to note that our systems are not yet joined. You will not be able to transact between your PFCU and PSFCU accounts through online banking, with the app, or in the branch. However, you can continue to perform a wide range of transactions such as deposits and withdrawals, make loan payments, and transfer money since both credit unions are part of the Co-op Shared Branch network.

We understand that many of our respective members who are not members of both credit unions are eager to begin transacting from any PFCU and PSFCU locations because it may be convenient—you may live, work, or play near one of these branches in your area. We greatly appreciate your patience. We will communicate often about when you may expect to visit one of these new-to-you locations.

Sincerely,
James Chang
CEO/President of Pasadena Federal Credit Union
